

THE
ENFORCER[®]
TRANSPORT SECURITY, INC.

SEAL GUARD™
LOCK #5900

**Protects plastic,
metal, bolt or cable
seals from tampering.**

AVAILABLE WITH ABLOY 341/25
PADLOCK

**Customized Keying
Solutions**

Locks can be keyed alike, different or different to a master system. Keys are made of strong nickel silver to provide smooth, reliable operation with lasting durability.

Multiple Locks. One Key.

Master keying systems can be applied across various types of locks. For example, your ABLOY padlock, Adjustable Lock and Air Cuff Lock* can all be keyed alike. One key opens all of your locks.

Permanently Mounted Trailer Seal Guard™ Lock

Reduce broken seal claims or load refusals due to seal issues by preserving the security seals on your trailer or container with this seal protector. The ENFORCER® Trailer Seal Guard Lock #5900 is permanently installed on the trailer door securing plastic, metal, bolt or cable seals from tampering and unauthorized removal. The lock closes over the seal. We recommend securing it with an ABLOY® padlock.

*If you are interested in possibly adding Air Cuff Locks to a master system in the future, we need to be notified before system is created.
